

It's the little things....

....that make a room special.

## BE INSPIRED....

NO, WE DON'T MAKE TEEPEES! but we just love this fabric.

Ballon Colour Aqua from [FABRIC CONVENTION](#). You can find it in our [PRINTED FABRICS](#) Category.

We have used the simplest of decorating tricks!

Find a fabulous print then use one of the colours with white in a stripe to compliment it. There are usually lots of colours in a print that you can play with in the stripe. Which one you go with is dictated by the mood you want to create.

Here we can see a little girl's room but Ballon could be used with the Aqua Stripe for a boy or with the Lime for a Summer Room.

The stripe we have featured is Cotillion, again by [FABRIC CONVENTION](#), with its great variety of colours. You can see easily that several would work well with the Ballon.

Cotillion can be found in our [TOILES, CHECKS, and STRIPES](#) Category.

OUR BEST ADVICE.....Don't always try to match colours exactly. Just try to blend them. If your eye is telling you they work together but they are a little different close up....trust your eyes!

....then add a stripe!

## Understanding Colour.....

Good colour schemes are constructed by adhering to straightforward rules. With the aid of a colour wheel you can incorporate existing colours to find a new direction and a new look for your home

We have outlined these tried and tested selection rules in our blog. [Click here to go to "Understanding Colour"](#).

Once you have selected which colour combination pleases you, you need to think more deeply about what you want the scheme to achieve in your home. Different depths of tones and shades, in combination, achieve different moods.

A good tight colour scheme should feel as though all the colours somehow relate to each other. This is because, behind the scenes, you have been in control to make it happen!

It's a balancing act but if you follow the rules and then let your eyes and feelings be the final judge, you will love the result and it will be your own individual scheme!

If you really love the Teepee.....  
....We will happily sell you the fabric!
